Ella Home Care

Helping our aging neighbors stay in their homes, and allowing sons and daughters to be sons and daughters again, instead of caregivers.

Serving Cumberland, Dauphin & Northern York Counties

Our Mission

Ella Home Care improves the lives of our aging neighbors and their families by helping them with daily tasks, allowing them to stay independent in their homes for as long as possible. Our compassionate and well-trained caregivers can step in and help take care of Mom or Dad, Grandma or Grandpa. Ella Home Care not only helps our aging neighbors stay in their homes, but allows sons and daughters to be just that, sons and daughters, instead of caregivers.

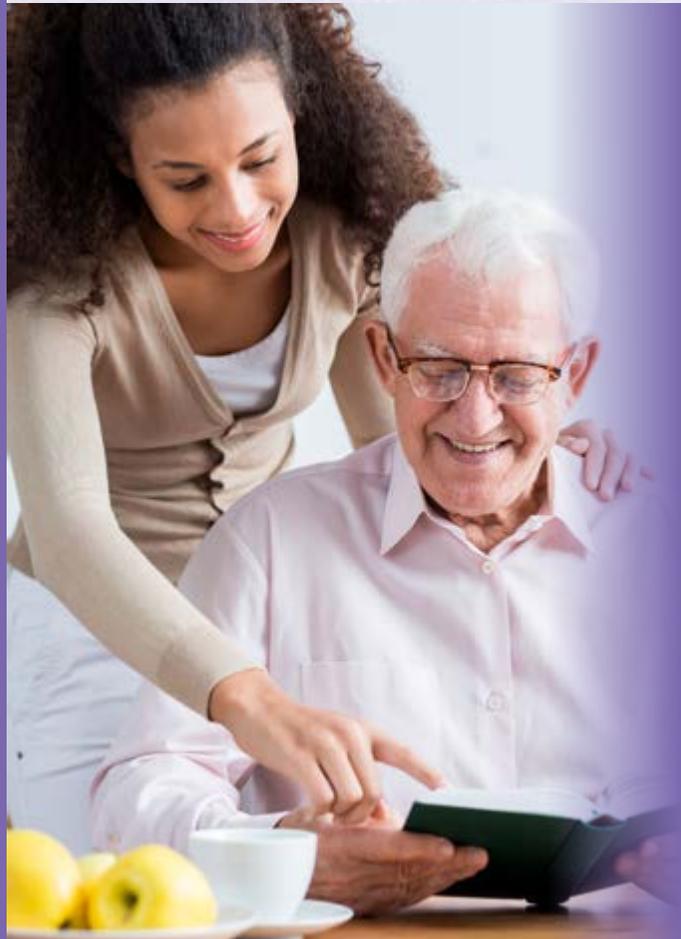

Our Home Care Professionals

Ella Home Care is devoted to providing the most reliable and compassionate Home Care Professionals in the area.

Our caregivers provide assistance with such activities as errands & transportation, meal preparation & cleanup, medication reminders, light housekeeping, laundry, and personal care including grooming, dressing, bathing, and more.

Our Home Care Professionals are devoted to providing exceptional care and they are OUR employees, not independent contractors. Ella's employees are interviewed, screened with multiple background checks, drug tested, bonded, and insured.

All applicants are interviewed by the Owner and Staff Coordinator. The screening process focuses on skills, experience, attitudes and reliability. Most importantly, each and every one of our caregivers must be a dependable and compassionate person.

How it Works

Our caregivers can assist your loved one for a few hours a day or multiple hours per week to provide a break for you to get other things done.

We offer free in-home assessments, so we get to know one another. And, *together*, we come up with a customized care plan that fits your needs. We then match the appropriate caregiver to work with your family. You can even meet the caregiver prior to start of service.

From in-home visits, check-up calls, and our Family Connect on-line portal, you can trust that the Ella staff will be on top of your loved one's care.

If you are a friend or family member in need of some help, contact us today. You can talk to us about your unique situation and schedule an in-home assessment.
